pbb Deutsche Pfandbriefbank with financing of € 60 million for e-shelter data centre, „Frankfurt 3“

Munich, 03 September 2012 – pbb Deutsche Pfandbriefbank provides the company e-shelter with a loan totalling € 60 million in the form of a combined development and investment loan for the first building stage of the e-shelter data centre, “Frankfurt 3”. The transaction was closed on 13th August, 2012.

The company e-shelter, with its head office in Frankfurt, plans, builds and operates data centres. The data centre “Frankfurt 3” is to be built in Rüsselsheim and will provide a space of 17,600 m². It is planned to complete the initial building stage of 4,400 m² by November 2012. The data centre will not only meet the highest technical and security requirements but it is also the first e-shelter to use a hybrid external air cooling co-developed by e-shelter in accordance with the latest energy-related findings.

Gerhard Meitinger, Head of Origination Germany at pbb Deutsche Pfandbriefbank, said: „This is pbb Deutsche Pfandbriefbank’s second transaction with e-shelter, after our successful entry into financing of the new asset class “data centre” at the end of 2011. We will continue to expand our expertise in this area as we see an increasing need for buildings which meet the requirements of modern information technology. We are ready to act as a finance partner.”
