### **pbb direkt to offer overnight and term deposits in US dollars**

- pbb Deutsche Pfandbriefbank expands its online offer
- US dollar term deposits with maturities of 1, 2, 3, 5 and 10 years, offering interest rates of up to 2.90% per annum

**Munich, 11 July 2016** – pbb Deutsche Pfandbriefbank has expanded its product offer for private investors on the pbb direkt online platform ([pbbdirekt.com](http://pbbdirekt.com)), to include overnight and term deposits denominated in US dollars. pbb direkt offers term deposits with maturities of up to ten years, with interest rates of currently up to 2.90% p.a.; the current rate for US dollar overnight deposits is 0.40% p.a.

With its new products, pbb direkt offers private investors the opportunity of benefiting from higher interest rates paid on US dollar deposits. Additional income will be generated if the US dollar appreciates against the euro: this is because interest and principal will be paid out in US dollars and subsequently converted to euros. Accordingly, the return on the deposit will be enhanced if the value of the US dollar rises versus the euro – however, this effect will also work the other way around: customers will be exposed to currency risks.

The terms and conditions for USD deposits with pbb direkt are as follows: the minimum investment amount is USD 5,000 per customer; there is no limit on the amount that can be deposited. However, the overnight deposit interest rate for the portion of the deposit exceeding USD 500,000 will be reduced to 0.05 % p.a. Whilst account opening and maintenance are generally free of charge, fees will be charged, in line with the pbb direkt Fees and Services Schedule (*Preis- und Leistungsverzeichnis*), for converting euros into US dollars and back, as well as for any additional services required. The deposit offer is open to all private individuals resident in Germany, who can also invest their business assets (*Betriebsvermögen*). In addition, pbb direkt offers joint accounts, and accounts for minors.

**Thomas Köntgen**, Deputy CEO of pbb Deutsche Pfandbriefbank, said: "We want to provide new investment opportunities to our customers, exploring new customer groups in this manner. More than 35,000 private investors – and the number continues to rise – have opted for our pbb direkt offering."
